

SALT FLAT AND ALTIPLANIC LAGOONS

On this occasion, we'll visit the great Salar de Atacama in Los Flamencos National Reserve where you can enjoy its immensity surrounded by fauna in the Chaxa lagoon and surroundings between the flamingos that prove to be the main attraction of the salt with their beauty. Then we will take the road to the Highlands to visit the lagoons Miscanti and Miñiques at 4,200 meters above the sea level at the base of the volcanoes of the cordillera of the Andes, through its paths we will delight us with the nature of a landscape of contrasts. We will then enjoy lunch in the town

of Socaire village highlighted for its traditional cuisine. Finally, before returning, we will visit the town of Toconao, its bell tower and Church of San Lucas, both national monuments since 1951.

San Pedro de Atacama
