

SNOW-SHOE HIKE

CAJÓN DEL MAIPO

Recommended for those who love adventure. Spectacular excursion to El Morado natural monument located 93km far from Santiago. We will start the hike in Baños Morales, a mountain village 1.900m above the sea level. The trail will lead us to the stunning San Francisco glacier (2500m) and Morales lagoon. On our way, we will stop at “Aguas de Panimávida” hot springs, an iron-carbonated water that sprouts from the inside soil.

Season: From June to September.
