

COLORADO SKI

Early in the morning, we will be heading to El Colorado ski resort. Our first stop will be the store where we will get clothes and the equipment for those who want to ski. Then, we will start to walk to the slopes to enjoy a beautiful day of winter sport. Everyone is welcome to participate, from starters to experts. To regain energy, we could enjoy a recuperating lunch (not included) in the resort restaurant. In the afternoon, we will have the option to ski for a little while or enjoy the unique panoramic views that the place offers. At the agreed time, we will go back to the hotel in Santiago.
