

# HUIFE HOT SPRINGS

Huife Hot Springs are located 33km east of Pucón, on Liucura lake shores and are inset within a 330 hectares park. They have 3 large outside pools, rich in mineral salts whose temperatures vary from 38 to 42 Celsius degrees. Moreover, they have a modern pool half roofed, with entertaining and innovating water games, which make Huife the most avant-garde in the area. Among the different services, lymphatic relaxing massage and reflexology. They remain open all year long. In winter, they might be covered with snow. They also have a very good cafeteria and restaurant (ticket included).
