

ALMAVIVA

MAIPO VALLEY

In this place, we will make a private tour through the vineyard and then continue to cellar installations where one could enjoy the tank room, the barrel room and the bottling room. Once the tour done, we will taste a glass of Almaviva 2009. Almaviva is the name of the wine produced by Baron Philippe de Rothschild and Concha y Toro vineyard joint-venture. This new synthesis between French tradition and American land is traduced by an exceptional wine that takes the best of both. A first class wine which makes the difference.

Santiago & Surroundings
